our mission

To drive & develop equestrian sport locally, regionally & globally in a modern & sustainable structured manner, with guaranteed integrity, athlete welfare and a fair & ethical partnership with the horse.

our vision

To grow the unique & mutually beneficial bond between horse & human in sport globally.

our location

The Borrowdale Country Club is the ideal partner for our Federations Equestrian Center. It is centrally located within the horse riding community, with a comfortable club house and other sporting facilities-providing a pleasant and accessible venue for riders and spectators.

our sport

The grace and power of the show jumper taking a fence. The exhilaration of eventing. The discipline of dressage. The innocence and joy of children in Pony Club events. Equine competition has a long and storied tradition rooted in the necessity of man's relationship with the horse. These days, the sport flourishes, thanks to the proficiency and experience of its athletes and devotees - including the event organisers - and the sophistication of today's facilities. We aim to improve the facilities offered to the sport in Zimbabwe by developing our Federations Equestrian Center.

how can you help?

Be a part of the success story! Together we can turn dreams into reality, not only for the current generation of riders but also for the many future generations we hope to inspire. Help us build the centre and secure the growing potential of equestrian sport in Zimbabwe-either through your direct donations or through options for corporate sponsorship.

show sponsorship

With a variety of different events on our calendar, get in touch to see how we could collaborate to create you a bespoke event to promote your company and brand.

Showjumping

Jumping is a daring mix of power, courage and technique. In the tense atmosphere of the ring, the trust between horse and rider is put to the test. Against the clock and facing daunting obstacles, Jumping is an extreme test of horsemanship, nerve and skill. Attracted by the thrill and the elegant spectacle, socially active fans relish in the drama of this celebrated discipline.

Eventing

Eventing is a unique challenge, demanding skill, courage and versatility across a range of disciplines. Large, passionate crowds are drawn to the sport's beautiful, natural settings where the drama is played out at close quarters between elite athletes. The promise of a fun, family day out guarantees a vibrant, friendly atmosphere

Dressage

Dressage is the ultimate expression of a horse and rider working in harmony. Their swan-like poise and grace disguise their emotional intensity and obsessive attention to detail. Performed in a serene setting, spectators watch in quiet awe, respectful of the skill and dedication of those striving for beauty and perfection.
